

# BalancePlus 700 Series

## New Colours Sliding into stores Fall 2021

This lightweight, flexible and breathable sport-style curling shoe is a great addition to the LiteSpeed collection of products. The 700 Series provides an ultra-comfortable design while incorporating many of the features that make BalancePlus footwear the favourite in curling. The phylon outsole and upper materials provide the “**Lite**”, while the BalancePlus Slider and LiteSpeed Coating provide the “**Speed**”. We’ve added coloured trim and shoelaces to provide curlers with Options Galore.
